CIRCULAR.

REAL ESTATE AND AGENCY OFFICE.

The subscriber, having been deprived by an injury some time since received, of the use of an arm, and thereby prevented from following his vocation as a builder, has opened an OFFICE for the purchase and sale of REAL ESTATE, and letting LOTS on ground-rent—having a personal acquaintance with a large proportion of builders, will give him a great facility in the disposing of lots—a Register will be kept, where all the property offered for sale, or to be let on ground-rent, will be entered, free of charge, unless a sale be made. ESTATES received in charge to rent, and kept in repair at the lowest rates of commission. Having an arrangement with several respectable mechanics, will enable me not only to have work done with facility, but at a much less expense than is frequently incurred. Bills and receipts will always be presented as vouchers of expenses. Accounts adjusted, and bills in general collected, and all moneys punctually paid, periodically, or as soon as received.

The subscriber feels assured, that in many instances, owners of property will save more than commissions in rents and other expenses, by placing their property in his charge, and hopes by strict attention to all business placed in his hands, to merit a liberal share of public patronage. All communications, free of charge, will be promptly attended to, if left at the Post Office, or at the Office and residence of the subscriber, No. 15 RACE STREET, between Front and Second Streets.

GEO. W. WILLIAMS,
Late Inspector of Customs.

Sir

Being about to leave the city

I understand it is desired by the Vestry that I should relinquish my right to the sittings in Pew No 32 in Christ Church;—if so, my feelings and attachments would lead me still to retain connection with the Parish by holding other sittings not interfering with the pecuniary plans and other wishes of the Corporation.

Respectfully

To
The Vestry of Christ Church —

Gentlemen I have found it impossible to collect sufficient funds to pay up my Pew Rent due this day but am in hopes in a few days I can collect from Fees of Office & other Dues sufficient to do so — I therefore ask of you to suspend any action vacating the Seats of Mrs. Miss Gretswood & myself for a few days — The Church being the Spot on which my ancestors have worshipped from the first after the Landing of Penn, is endeared to me by the most affectionate & solemn associations, and in no other place of Worship do I so reverently feel that the Lord is in his Holy Temple — Added to this Right my Family are too strongly attached, to expect any other Church could secure their attendance or any other Rector their sincerely affectionate regards as their Pastor & Friend —

Very Respectfully
